Sources: Brandon Ethridge and the San Diego County Medical Society.

In case of a tie, groups are ranked alphabetically.

This list excludes all government/military facilities, IPAs (independent practice associations), and groups with less than 20 full-time physicians who render services on behalf of the group.

To the best of our knowledge, this information is accurate as of press time. While every effort is made to ensure the accuracy and thoroughness of the list, omissions and typographical errors sometimes occur. Please send corrections or additions to the Research Department at the San Diego Business Journal. 858-634-4635. This list may not be reprinted in whole or in part without prior written permission from the editor. Some companies have declined to participate or did not return a survey by press time. It is not the intent of this list to endorse the participants or to imply a company's size or numerical rank indicates its quality.
