Summary: Would authorize, if federal law authorizes the prescription of a controlled substance containing cannabidiol, a physician to prescribe that substance in accordance with federal law. The bill would also provide that upon the enactment of federal law authorizing the prescription or the furnishing, transferring, possession, or use of a prescription for a controlled substance containing

cannabidiol, notwithstanding any other state law, the prescription, furnishing, transferring, possession, or use of that controlled substance in accordance with federal law is for a legitimate medical purpose and is authorized pursuant to state law.

Summary: Current law requires the Board of Vocational Nursing and Psychiatric Technicians of the State of California, which is within the Department of Consumer Affairs, to license and regulate vocational nurses and psychiatric technicians and requires the board to appoint an executive officer to perform duties as delegated by the board. Current law repeals the provisions establishing the board and the board's authority to appoint an executive officer on January 1, 2018. This bill would provide that the repeal of the provisions regarding the operation of the board and the board's authority to appoint an executive officer render the successor entity to the board subject to review by the appropriate policy committees of the Legislature.

That law prohibits a pharmacy from compounding sterile drug products unless the pharmacy has obtained a sterile compounding pharmacy license from the board. That law requires a pharmacy to compound sterile products from one or more nonsterile ingredients in prescribed environments. This bill would repeal that compounding environment provision and make conforming renumbering changes to other provisions.

Summary: The Medi-Cal program is, in part, governed and funded by federal Medicaid program provisions. Current law provides that it is the intent of the Legislature to provide, to the extent practicable, for health care for those aged and other individuals who lack sufficient annual income to meet the costs of health care, and whose other assets are so limited that their application toward the costs of care would jeopardize the individual's or family's future minimum self-maintenance and security. This bill would make technical, nonsubstantive changes to this statement of legislative intent.
