## Health Quality Partners of Southern California The Leading Edge of Health Care!

Health Quality Partners of Southern California (HQP), a subsidiary of Health Center Partners of Southern California (HCP) supports community health centers and other safety-net providers in taking the best possible care of their patients.

HQP accomplishes this through the development and implementation of a broad portfolio of innovative and collaborative grant-funded programs and research projects that focus on improving efficient and effective access to care, patient engagement, quality of care and clinical outcomes.

HQP believes quality health care is a right, and collaboration and resources are essential to meeting this basic need.

**#consistentlyexcellent**

### **A Leader in Health Program Development and Implementation**

- Trusted partner with a successful track record in grant-funded program administration.
- Implementing progressive, collaborative programs with health centers and other safety net partners, resulting in improved access to care, quality health outcomes and operational efficiencies.

### **Targeting the Right Patient Population**

- A large safety net population consisting of 827,000+ patients in 3 counties: San Diego, Riverside and Imperial.
- An extremely ethnically diverse patient base with which to implement programs and conduct research.

### **Developing the Research and Program Agenda for the 21st Century**

- We will work with you to ensure we are addressing the issues of the day.
- Unique ability to develop and participate in key research initiatives.
- Brings critical health center members and safety-net providers key resources to implement life-giving programs.

### **Superior Program Management Capabilities**

- Largest California-based consortia team of experienced and talented professionals.
- HQP allows funders to work with numerous health centers and other safety net providers in a single contract, leveraging economies of scale.
- Strong auditing capabilities so you can feel confident funds are being spent the right way.

### **Innovative, Diverse Initiatives**

- Behavioral health integration both intra-clinic and cross-system.
- Medical and Dental integration.
- Administration of funding for diagnostic and treatment services for uninsured individuals (breast health screening and diagnostic services, behavioral health and oral health).
- Outreach, education, and enrollment for expanded Medi-Cal and Covered California.
- Clinical Quality Initiatives (e.g. diabetes, hypertension).
- Data aggregation and analysis to support population health management.

### **Join Our World-Class Funding Partners**

- Partial List of HQP Funders: Blue Shield of California Foundation, The California Endowment, County of San Diego, Kaiser Permanente and Susan G. Komen San Diego
