Summary: Current law provides for various programs that prevent disease and promote health. This bill would establish the California Community Health Fund in the State Treasury, and would require moneys in the fund to be used, upon appropriation by the Legislature, to diminish the human and economic costs of diabetes, obesity, heart disease, and dental disease, and to reduce inequitable disparities in health between population groups, in California. This bill contains other related provisions.

Summary: Current law requires a Medi-Cal program provider that is not currently enrolled at a location where the provider intends to provide services, goods, supplies, or merchandise to a Medi-Cal beneficiary, to submit a complete application package for enrollment at a new location or a change in location. Current law exempts an applicant, a provider operated by a licensed primary care clinic, or an affiliated mobile health care unit from this requirement and from a requirement to enroll in the Medi-Cal program as a separate provider, if a licensed primary care clinic operating the applicant, provider clinic, or mobile health care unit notifies the department of its separate locations. This bill would exempt a primary care clinic with additional locations, as defined, added to its primary care clinic license from the requirement to separately enroll the additional locations as separate providers and from the requirement to submit a complete application package, as described above, if the primary care clinic has notified the department of its additional locations.

Summary: The California Uniform Controlled Substances Act, classifies controlled substances into 5 designated schedules with the most restrictive limitations generally placed on controlled substances classified in Schedule I, and the least restrictive limitations generally placed on controlled substances classified in Schedule V. Existing law places cannabis in Schedule I. Cannabidiol is a compound found in cannabis. This bill, if one of specified changes in federal law regarding the controlled substance cannabidiol occurs, would provide that a physician, pharmacist, or other authorized healing arts licensee who prescribes, furnishes, or dispenses a product composed of cannabidiol, in accordance with federal law, is in compliance with state law governing those acts.

Summary: Current law defines the measure of indemnity for a loss under an open fire insurance policy and specifies time limits under which an insured must collect the full replacement cost of the loss. Current law prohibits a fire insurance policy issued or delivered in the state from limiting or denying payment of the replacement cost of property in the event the insured decides to rebuild or replace the property at a location other than the insured premises. This bill would qualify that prohibition by making it applicable in addition to any extended replacement cost coverage purchased by the insured and in addition to any increase in policy limits.

Summary: That Optometry Practice Act provides that the practice of optometry includes the prevention and diagnosis of disorders and dysfunctions of the visual system, and the treatment and management of certain disorders and dysfunctions of the visual system, as well as the provision of habilitative or rehabilitative optometric services, and doing certain things, including the examination of the human eye or eyes. Current law authorizes an optometrist certified to use therapeutic pharmaceutical agents to, among other things, administer immunizations if the optometrist meets certain requirements. This bill would correct an erroneous cross-reference in the provision relating to the authority of an optometrist certified to use therapeutic pharmaceutical agents to administer immunizations, and would make other nonsubstantive changes.

Summary: Would establish the Office of Mental Health Services within the California Health and Human Services Agency, as specified. The bill would transfer various functions of the State Department of Health Care Services under the act to the office. Under this bill, the office would succeed to, and be

vested with, all the duties, powers, responsibilities, and jurisdiction, vested in the department, regarding oversight of the Mental Health Services Fund, as specified. The bill would also require the office to assume certain duties, including, among others, initiating investigations, advising counties, conducting research, and reporting to the Legislature, by December 31, 2020, of any additional authority it deems necessary to complete its duties and to ensure county compliance with the act, as specified.

Summary: The Control, Regulate and Tax Adult Use of Marijuana Act of 2016 (AUMA), an initiative measure approved as Proposition 64 at the November 8, 2016, statewide general election, authorizes a person who obtains a state license under AUMA to engage in commercial adult-use cannabis activity pursuant to that license and applicable local ordinances. The Medicinal and Adult-Use Cannabis Regulation and Safety Act (MAUCRSA), among other things, consolidates the licensure and regulation of commercial medicinal and adult-use cannabis activities. This bill would make a nonsubstantive change in those provisions.

Summary: Would, beginning with the 2019–20 academic year, require each Cal Grant participating institution, as a condition of its voluntary participation in the Cal Grant Program, to implement a financial aid book advance program that would provide credit at the institution's campus bookstore to students receiving Cal Grant B or Cal Grant C awards for the purchase of books and educational materials before the Cal Grant B or Cal Grant C funds are disbursed to the student. The bill would provide for a reduction in the amount of grant funds disbursed to a student based on the amount of credit expended by the student at the institution's campus bookstore and would provide for reimbursement to the institution's campus bookstore for the amount of the credit expended by the student.

Summary: Current law provides that funds appropriated by the Legislature to the California Health Facilities Financing Authority and the Mental Health Services Oversight and Accountability Commission for the purposes of the Investment in Mental Health Wellness Act of 2013 be made available to selected counties or counties acting jointly, except as otherwise provided, and used to provide, among other things, a complete continuum of crisis services for children and youth 21 years of age and under regardless of where they live in the state. The act requires the commission to allocate funds to triage personnel, as specified. This bill would require the commission, when making these funds available, to allocate at least onehalf of those funds for services or programs targeted at children and youth 18 years of age and under.

Summary: Current law prohibits the formulary or formularies for outpatient prescription drugs maintained by a health care service plan or health insurer from discouraging the enrollment of individuals with health conditions and from reducing the generosity of the benefit for enrollees or insureds with a particular condition. Current law, until January 1, 2020, provides that the copayment, coinsurance, or any other form of cost sharing for a covered outpatient prescription drug for an individual prescription shall not exceed \$250 for a supply of up to 30 days, except as specified. Existing law, until January 1, 2020, requires a nongrandfathered individual or small group plan contract or policy to use specified definitions for each tier of a drug formulary. This bill would extend those provisions indefinitely.

Summary: Current law provides for the Medi-Cal program, which is administered by the State Department of Health Care Services, under which qualified low-income individuals receive health care services. The Medi-Cal program is, in part, governed and funded by federal Medicaid program provisions. Current law generally requires a county to redetermine a Medi-Cal beneficiary's eligibility to receive Medi-Cal benefits every 12 months and whenever the county receives information about changes in a beneficiary's circumstances that may affect his or her eligibility for Medi-Cal benefits. This bill would make technical, nonsubstantive changes to these provisions.

Summary: Current law establishes the California Medical and Dental Student Loan Repayment Program of 2002, the California Physician Corps Program, and the Steven M. Thompson Medical School Scholarship Program. Current law conditions eligibility of certain health professionals in those programs on, among other things, provision of services to a medically underserved population, which is defined to include the Medi-Cal, Healthy Families Program, and uninsured populations. This bill would remove obsolete references to the Healthy Families Program in the definition of "medically underserved population" within those provisions.

Summary: Current law repeals the Dental Hygiene Committee of California on January 1, 2019, at which time the committee is subject to review by the appropriate policy committees of the Legislature. Current law requires the committee to grant initial licensure as a registered dental hygienist to a person who satisfies specified requirements, including satisfactory performance on the state clinical examination or satisfactory completion of the dental hygiene examination given by the Western Regional Examining Board, or any other clinical dental hygiene examination approved by the committee. This bill would instead require, within the preceding 5 years, satisfactory completion of the dental hygiene examination given by the Western Regional Examining Board or any other clinical or dental hygiene examination approved by the committee.
