HEALTH QUALITY PARTNERS OF SOUTHERN CALIFORNIA

Supporting Health Centers to achieve health equity for their patients.

Health Quality Partners of Southern California, a subsidiary of Health Center Partners of Southern California supports community health centers and other safety net providers in taking the best possible care of their patients.

Health Quality Partners accomplishes this through the development and implementation of a broad portfolio of innovative and collaborative grant-funded programs and research projects that focus on improving efficient and effective access to care, patient engagement, quality of care and clinical outcomes.

Health Quality Partners believes quality health care is a right, and collaboration and resources are essential to meeting this basic need.
