

The Value and Impact of California's Riverside County

Seven California's Riverside County health center members provide tremendous value and significant impact to the communities they serve through **CARE FOR VULNERABLE POPULATIONS, SAVINGS TO THE SYSTEM, ECONOMIC STIMULUS, STATE-OF-THE-ART PRACTICES, and INTEGRATED CARE** with a focus on **MANAGING CHRONIC CONDITIONS, PREVENTATIVE CARE, and QUALITY HEALTH OUTCOMES**. They have also played a critical role in **PANDEMIC RESPONSE**, providing testing, vaccination, and care, both in-person and virtually, bolstering the public health infrastructure in their communities.

This report highlights their **2021 savings and contributions**, as well as pandemic response data through **December 30, 2022**.

- Economic Stimulus: Economic impact was measured using 2021 IMPLAN Online from IMPLAN Group LLC, IMPLAN System (data and software), 16905 Northcross Dr., Suite 120, Huntersville, NC 28078, www.Implan.com. Learn more at www.caplink.org/how-economic-impact-is-measured.
- "Low Income" refers to those with earnings at or below 200% of federal poverty guidelines.
- Care for Vulnerable Populations: Bureau of Primary Health Care, HRSA, DHHS, 2021 Uniform Data System.
- Full-Time Equivalent (FTE) of 1.0 is equivalent to one full-time employee. In an organization that has a 40-hour work week, an employee who works 20 hours per week (i.e., 50 percent of full time) is reported as "0.5 FTE." FTE is also based on the number of months the employee works. An employee who works full time for four months out of the year would be reported as "0.33 FTE" (4 months/12 months).
- COVID tests and vaccines data comes from data reported by health centers from the HRSA Health Center COVID-19 Survey. Learn more at <https://bphc.hrsa.gov/emergency-response/coronavirus-health-center-data>.

Acknowledgments

This report was created by Capital Link and funded by **California's Riverside County** for its members.

Capital Link is a non-profit organization that has worked with hundreds of health centers and primary care associations for over 25 years to plan for sustainability and growth, access capital, improve and optimize operations and financial management, and articulate value. We provide an extensive range of services, customized according to need, with the goal of strengthening health centers—financially and operationally—in a rapidly changing marketplace.

Capital Link maintains a database of over 16,000 health center audited financial statements from 2005 to 2021, incorporating nearly 85% of all health centers nationally in any given year. This proprietary database also includes UDS data from 2005 through 2021, enabling us to provide information and insights tailored to the industry.
